MEMORANDUM FOR : Director of Security

SUBJECT : Office of Security Statistical Report  
for October 1959

1. The attached tables and charts reflect some of the activities of certain components of the office during October 1959. The statistics in the tables are compiled by the components concerned and refer to the current month. The charts are prepared in this office from the statistics furnished by the components and afford a means of comparing the various accomplishments, work loads, and activities or conditions from the beginning of the current year to date.

2. It was noted during the preparation of this report that some [redacted] cases had in the past been included in the statistics furnished for full field investigative cases in Table E. Such cases were eliminated from the report in Table E for the current month so that this and future reports will accurately reflect the status of full field investigations. The correction in this statistic for the current month has resulted in a noticeable drop in the graphs presented in Charts 7 and 8 showing Full Field Investigative Cases Received and Full Field Investigations Pending, respectively.

3. Noteworthy items during the month were:

a. The appointment of [redacted] 25X1A9a as Assistant Deputy Director for Investigations and Operational Support.

b. Submission of Weekly Logs by IOS, PPS, and SRS on a regular basis.
